

FIJI TRIP 2014

Yes we survived

What we did in 3 ½ days!

- ▣ One operating room, one theatre team
- ▣ 12 cases
- ▣ 9 bypasses
- ▣ 3 non bypass

Some of the team arrives

Arrive at the OR

The calm before the storm

Our amazing helpers- Lal and Api

Store room and case carts!

Steripeel items

First case- the fun begins!

Ready with the saw and suction
please

Our first Tet Repair

No prolene holders- just keep making those rubber shods

ECHO all good!!

One of our gorgeous patients

Lets get started

Smile for the camera!

Consumables at start

Consumables at finish

Kirsten and John take the whole team out for dinner- Thank You

Our daily visitor
